DRIVER SAFETY

TRACKER AI DASHCAM

Help your drivers stay alert on the road.

Tracker AI Dashcam is an artificially intelligent, dual-camera system that keeps drivers safe on the road by detecting fatigue, speeding, recklessness or distractions in real time. It helps your drivers stay alert, aware, and awake on the road, reducing accident risk.

An integrated dual-camera device faces both the road and the driver. Tracker AI Dashcam can recognise event triggers such as speeding, accidents and offers facial recognition to identify a driver, as well as in-cab triggers such as fatigue and distraction.

All information is uploaded to a secure online cloud-based portal, giving you and your drivers real-time alerts, supported by video footage.

FEATURES AND BENEFITS

Safe Distance Warning

Embedded safe distance warning for following too close to other vehicles

Fatigue Detection

Real-time drowsiness detection and alerts

Facial Recognition

Authorised drivers protocol through embedded facial recognition and driver identification

Distracted Driving Detection

Real-time distracted driving detection and alerts

Accident Detection and Recording

View critical footage in real-time with live look-in before and after an event

Shock Detection and Recording

Stay aware of potential vehicle misuse and damage through detection of unusual forces exerted on the vehicle.

Covered Camera Detection

Detection and notification to fleet managers when the camera is covered or hindered from recording in-cab footage.

TRACKER CAREGUARD FOR BUSINESS

When your drivers need it most, make sure there is always somebody by their side with our standalone driver safety service.

Sometimes your drivers need extra support and protection, and they need it quickly.

Tracker CareGuard for Business provides on-demand mobile armed response security and emergency medical assistance at the push of a button via the Tracker CareGuard App.

That means, in the event of any roadside emergency, your drivers will have rapid response by their side, to protect and assist them, and secure your cargo.

FEATURES AND BENEFITS

24/7 Emergency Assistance

When in need of a first responder, just push the button on the Tracker CareGuard App. The nearest private medical resource will be dispatched to your driver's location. They will then be assessed and either treated at the scene or transported to hospital at no additional cost.

Accurate Location

Get rapid response to your location through accurate pinpoint geo-location.

Rapid Armed Response

Help is only 5 minutes away at the push of a button on the Tracker CareGuard App. Get access to a nationwide response network of over 1 500 armed responders.

Access a Nationwide Response Network

Wherever you are, help is on its way.

Convenient and Easy to Use

Just download the Tracker CareGuard App and when your drivers need us, they simply push the panic button, or place a call to 0860 444 244, giving their location. They will be able to track the progress of the responder assigned via the app.

TRACKER DASHBOARD AND ANALYTICS

Make real-time business decisions with confidence.

Tracker Dashboard and Analytics is a powerful fleet management tool, autonomously processing an incredible amount of fleet data and displaying this information in an easy-to-understand visual dashboard format. These visual dashboards track your fleet's performance as it relates to their KPIs, safety, utilisation, behaviour and trips. You have instantaneous access to accurate fleet and driver behaviour reports in an easy-to-read format.

Make informed decisions at a glance.

Meaningful data via Tracker Dashboards and Analytics means a faster, more dynamic, more efficient business.

FEATURES AND BENEFITS

Monitor Your Fleet

Get a real-time view of your fleet performance and productivity.

Visual Dashboards

Get a holistic overview of fleet performance, categorised in terms of KPIs, safety, utilisation, behaviour and trips.

Improve Efficiencies

Balance vehicle usage across the entire fleet.

Reduce Your Workload

No more time wasted analysing static telematics reports.

Safety Statistics

Access to safety statistics.

Tracker Fuel Dashboard and Analytics

TRACKER FUEL DASHBOARD AND ANALYTICS

Save costs on your fleet's fuel usage.

This is a powerful tool that provides an additional layer of data relating to fuel usage, displayed on visual dashboards.

We collect and analyse data relating to fuel consumption, expenditure and vehicle usage to identify trends, patterns and inefficiencies that can contribute to higher fuel usage such as poor route choices or vehicle maintenance issues. We identify cost savings initiatives that can lower your fuel bill and reduce your carbon footprint. Customisable reports give insight into fuel use, expenditure and impact on operations.

Whether used in the Transportation and Logistics sector to select fuel-efficient routing and highlight lower-cost driving practices, the Manufacturing and Agri sectors to identify potential maintenance issues that could impact fuel consumption, or the Utilities sector around fuel switching and demand-side management programmes, Tracker Fuel Dashboard and Analytics is a business-essential tool for cost-conscious enterprises gearing to unlock further efficiencies in today's competitive landscape.

FEATURES AND BENEFITS

Cost Savings

By using data to optimise fuel usage, our solution can help you reduce your fuel consumption and expenditure.

Improved Efficiencies

Identify inefficiencies in your fuel usage and implement changes to improve your overall operational efficiency.

Environmental Benefits

Reduce your greenhouse gas emissions by identifying opportunities to reduce fuel consumption.

Improved Decision-Making

Data-driven insights can inform decision making related to fuel usage and operational management.
